

Y1 Home Learning

Date set: Thursday 27th February

Date due: Thursday 5th March

WALT: Use the language of time including days of the week and months of the year

This week in Maths we have been describing time. We have been solving problems and playing games using our knowledge of days of the week and months of the year.

Next week we will be telling the time using 'o'clock' and 'half past'. The last activity is a challenge to see if you can solve how to read time to the hour!

Activity: Complete the activities online.

www.educationcity.com

Do it: Say the days and months in order

Use it: Explain if a day or month is longer and why

Own it: Solve problems using time words
